

News from Room 202

Dear Parent/Guardian,

Today your child is bringing home his/her permission slip for our first fieldtrip to the Ohio Bird Sanctuary on October 9th. Each student will need to provide \$4 prior as soon as possible. We also need four chaperones for the fieldtrip. If you are interested in helping us with our fieldtrip, please let me know.

Also we have added a new tool for parent communication. This new tool is called “Remind 101”. This is a tool that allows you to receive text messages for classroom due dates and assignments. If you would like to receive text message updates to your phone, please do the following:

Once you have sent the text, you will be sent a text asking you to reply with your first and last name. That's it!

Also, interim reports will be going home tomorrow. Please make sure to review the information with your child. If you have any questions or concerns about your child's academic progress, please contact me. Have a great evening.
